Information for Natural Resource Extraction Permits

"**Natural resource extraction**" means the quarrying, primary processing removal and off site sale of raw materials such as clay, sand, gravel, marl, earth or mineralized rock found on or under the site. Typical uses include but are not limited to quarries, borrow pits, and gravel pits. This use includes site preparation and reclamation of the lands. Processing may include crushing and washing but excludes the preparation of asphalt.

Natural resource extraction uses are a discretionary use within the Agricultural, Industrial/Commercial, Heartland Industrial and Heartland Agricultural Districts.

"**Discretionary use**" means the use of land or a building provided for in this Bylaw for which a development permit **may be issued upon an application having been made;**

It is important to read and understand the following before completing the development permit application. Please contact the Planning and Development Department if you require more detail.

1. Make sure the application form is complete **by submitting all** of the following and include the appropriate fees. These fees are set according to the Fees and Charges Bylaw approved by Council.

**ABANDONED OIL & GAS WELL PROCESS
FOR SUBDIVISION AND DEVELOPMENT**

Effective November 1, 2012, the Subdivision and Development Regulation requires that an applicant applying for a development permit provide information on the location of abandoned oil & gas wells (if any), on the subject property. This information **MUST** be provided before a development permit application is considered complete.

The following outlines the process for determining if abandoned wells are located on the subject property:

1. Go to A.E.R. (Alberta Energy Regulator) website www.aer.ca, then select on the top of the page "Systems & Tools" – "abandoned well map" – "area of interest", then enter your legal land location (i.e. 5-55-15-4.)
2. The applicant must provide the following as part of their application:
 - The map from A.E.R. viewer of the subject property;
 - A list of all abandoned wells, including the surface coordinates;
 - A sketch of the proposed development showing the required setback area of each abandoned well;
 - Any additional information from Licensee(s) that led to a change in the setback;

If an abandoned well is **NOT** found, then the Applicant must sign in the space provided below confirming that there are no abandoned wells located on the property. **The Applicant MUST attach the map from A.E.R. Viewer of the property.**
