- Assists with troubleshooting of equipment repairs, including inspecting all stages of the repairs using hydraulic and electronic schematics.
- Installs and maintains vehicle mounted equipment.
- Able to operate and understand the use of diagnostic equipment and software applications.
- Responds to service calls in the field and makes emergency repairs as required.
- Reports and documents any damages or malfunctions of operated equipment/trucks.
- Maintains proper documentation for work orders and CVIP records.
- Follows all safe work practices and procedures.
- Performs other duties as required.

QUALIFICATIONS AND REQUIREMENTS:

- Licensed Red Seal or Journeymen Heavy-Duty Mechanic.
- Five+ years' of work experience as a Heavy-Duty Mechanic.
- Valid Alberta Driver's License (Class 1 considered an asset).

- On-road and off-road fleet experience.
- Possession of a valid CVIP technician license with CVIP writing experience.
- ECM Diagnostics experience.
- Forklift training and overhead crane training would be an asset.
- Effective communication skills and ability to work in a team environment.
- Licensed Red Seal or Journeyman Automotive Mechanic ticket and experience would be beneficial.
- Proficiency with Microsoft Office applications (Outlook, Excel, Word) and computer literacy.
